

# CALMOD E-NEWSLETTER

October 2020

SPECIAL EDITION

**ALL ABOARD! VIRTUAL REALITY TOUR**

Dive into an immersive [virtual reality \(VR\) experience](#) and get a first-hand look at the new high-performance trains. See what your future riding experience will be like as you explore the lower, mid, and upper levels of three different cars. View the train's new features and amenities, and select to "ride" the train during the night or day. To unlock the full virtual experience, get a commemorative Caltrain-branded VR viewer while supplies last at [CalMod.org/VR](https://CalMod.org/VR).

## WHAT IS CALMOD?

The Caltrain Modernization Program (CalMod) includes electrification and other projects that will upgrade the performance, efficiency, capacity, safety and reliability of Caltrain's service. The current electrification project will electrify the corridor from San Francisco to San Jose and replace 75 percent of Caltrain's diesel service with high-performance electric trains, reducing air pollution and providing better service to more riders.
