

# CALTRAIN ELECTRIFICATION

## REDWOOD CITY STATION PEDESTRIAN DETOUR NOTICE | February, 2022

### UPCOMING ACTIVITIES AND CLOSURE

Beginning as soon as **February 28**, Caltrain Electrification crews will temporarily close and detour pedestrian access along the southbound side of the station platform under the Redwood City statue sign near Broadway, in order to perform signal work to support the Caltrain Electrification project. The temporary pedestrian detour will last from approximately **February 28 until March 11, 2022**. **Work hours will be from 7:30 am to 4 pm Monday-Friday.**

Directional signs will detour pedestrian traffic to cross on the opposite side of Broadway. A map of the temporary closure area is provided on the back of this notice.

### CONSTRUCTION ACTIVITIES

The anticipated construction activities during this time will be excavation and directional boring for the signal system.

Work will take place during the day and at night, with work occurring between 7:30 a.m. and 4 p.m. Monday - Friday.

### PROJECT OVERVIEW

Over the last decade, Caltrain has experienced a substantial increase in ridership and anticipates further increases in ridership demand as the Bay Area's population grows. Caltrain Electrification, scheduled to be operational by 2024, will electrify and upgrade the performance, operating efficiency, capacity, safety and reliability of Caltrain's commuter rail service.

Caltrain Electrification is a key component of the Caltrain Modernization Program and consists of replacing diesel-hauled with an electric train system for services between Fourth and King Street Station in San Francisco and the Tamien Station in San Jose. The project will include the installation of new electrical infrastructure and the purchase of electric trains.

### CONTACT INFORMATION

Caltrain has established a project information line and project e-mail for Caltrain Electrification to respond to questions and comments from residents and stakeholders.

The project information line can be reached at **650.399.9659** or toll free at **800.660.4287**.

The project e-mail is [calmod@caltrain.com](mailto:calmod@caltrain.com)
